**Current Position:**

Research Director, Research Development Cell, MRIIRS, Professor,  
Director, SBSS, MRIIRS  
Visiting Research Fellow, ACPET, IFRE  
Honorary Visiting Professor, IMPRI, New Delhi  
Visiting Professor, Ashoka University  
Member, NITI Aayog, Working Group 5 – Net Zero Pathways  
Director, Professor (Liberal Arts), Former HOD, Department of Social and  
Political Studies, School of Behavioural and Social Sciences  
Former DRC Chairperson, School of Behavioural and Social Sciences  
Former DRB Member  
School of Behavioral and Social Studies  
Manav Rachna International Institute of Research and Studies

**Former Position:**

TERI Africa Coordinator  
UNECA Technical Expert on India – Africa Collaboration on Sustainable  
Development Goals  
TERI ITEC, South-South Cooperation Programme, Coordinator  
Fellow (Associate Professor), Management Development Programme,  
Coordinator, PhD  
Faculty, Art and Sustainability, Department of Policy Studies, TERI School  
of Advanced Studies  
Faculty, Applied Mathematics  
Faculty, Economics of Climate Change  
Trainer and Educator, Art from the Heart Movement Coordinator  
Leader, Music, and Sustainability Program  
Independent Musician and Art, Sustainability Expert  
Founder, TOHRI Foundation and TOHRI OPC Private Limited  
Associated with Campaign for Differently Abled in an Honorary Position  
Associated with CRY, Indian Human Rights Council, and WWF India for  
various child, social, and animal rights movement

**Name of Staff:**

Anandajit Goswami

**Date of Birth:**

22<sup>nd</sup> June 1980

<b>Research Experience:</b> 18+years	<b>Nationality:</b> Indian
<b>Membership of Professional Societies:</b>	<ul style="list-style-type: none"> <li>● MENA (Middle East North Africa) WATER FORUM</li> <li>● ISEE (Member of the International Society for Ecological Economics)</li> <li>● INSEE (Member of Indian Society of Ecological Economics)</li> <li>● Member of the Review Committee of Green Growth Knowledge Platform</li> <li>● Reviewer of Energy, Energy for Sustainable Development, Energy Policy and Climate Policy Journal</li> <li>● Reviewer of South Asia Economic Journal</li> <li>● Reviewer of Mountain and Development</li> <li>● Reviewer of Journal - Sustainability</li> <li>● Life Time Member of Bharat Soka Gakai Association</li> <li>● Life Time Member of “LIFE” Initiative of PMO</li> <li>● Editorial Board Member of the Journal of Green Economy and Low Carbon Development</li> <li>● Alumni Association of JNU</li> <li>● Extinction Rebellion, India</li> <li>● Friday’s For Future</li> <li>● Global POP Movement</li> <li>● World Sustainable Development Forum</li> <li>● CITD Alumni Association, JNU</li> <li>● TERI Alumni Association</li> </ul>
<p><b>Key Research Interests:</b> Economics of Sustainability, Energy Policy, Resource Policy and Modelling, Planning and Management, Art and Sustainability Studies, Socioeconomic, macroeconomic, sustainability analysis and modeling and scenario building, integrated CGE modeling for understanding policy-relevant issues, risk modeling, climate policy, biofuel pricing and energy policy, resource security, trade and sustainable development, macroeconomic and econometric modeling on trade issues and general equilibrium modeling, energy modeling and policy analysis</p> <p><b>Additional Competence:</b> Sustainability Science Creative Communication Expert Art and Sustainability Communication Expert Educator through various grass-root educational programmes</p> <p><b>Reviewer:</b> Energy Policy Journal Journal of Resources, Energy and Development Africa Review-Journal Energy International Journal of Sustainable Entrepreneurship and Corporate Social Responsibility (IJSECSR)</p> <p><b>Editor in Chief:</b> Journal of Liberal Arts and Sciences, Manav Rachna International Institute of Research and Studies, Print ISSN – 2347-1859</p>	

**Education:**

Sr.No.	Degree	Discipline	University	Year
1	PhD in Energy Economics	Energy Policy and Economics	TERI School of Advanced Studies	2018
2	Masters in Economics (with specialization in World Economy)	Economics	Jawaharlal Nehru University	2004
3	Bachelor of Science (Economics with Mathematics & Statistics as complementary subjects)	Economics	Calcutta University	2002

**Employment Record:**

Sr. No.	Duration	Employer	Position Held
1.	2024 – Till Date 2022 - Till Date (before joining ACPET) 2019 – 2022	Manav Rachna International Institute of Research and Studies Manav Rachna International Institute of Research and Studies Manav Rachna International Institute of Research and Studies	Research Director, MRIIRS Director, SBSS Professor, HOD, Department of Social and Political Studies, School of Behavioural and Social Sciences
2.	2018 – 2019	TERI School of Advanced Studies	Fellow (Associate Professor) Management Development Programme, Coordinator  Faculty, Art and Sustainability
3.	2016 – Jan 2018	TERI University, WWF, NILERD (NITI Aayog), JBIC, Delhi Policy Group (DPG), Copenhagen Consensus Centre	Freelance Consultant Fellow
4.	2014 - 2016	TERI, TERI University	Fellow, Associate Faculty (TERI University)
5.	2012 - 2016	TERI	Fellow
6.	2010 - 2012	TERI	TERI Africa Coordinator
7.	2009 - 2010	On deputation to UNECA (United Nations Economic Commission for Africa) from TERI	TERI Africa Coordinator
8.	2008 - 2009	TERI	Associate Fellow
9.	2004-2008	TERI	Research Associate
10.	2002 - 2004	JNU, Indian Statistical Institute (New Delhi)	Research Assistant
11.	2002 April - 2002 June	Centre for Studies in Social Science, Kolkata	Research Scholar

**DRC Chairperson**

. Four PhD thesis passed as a Former DRC Chair of School of Behavioural and Social Sciences, MRIIRS

**Selected Key Teaching and Supervising Experiences:****Courses Offered:**

- Faculty, Art and Sustainability, PPS 184, <http://www.terisas.ac.in/courses/PPS%20184.pdf>
- Economics of Climate Change and Applied Mathematical Modeling for Environment and Sustainability Science
- Economics of Sustainability at TERI School of Advanced Studies
- Energy Economics and Policy Making for Offgrid Sector
- Time Series and Regression Analysis

**Graduate Supervision Done:**

MA Economics Thesis Supervision Completion	6
BA Economics Term Paper Completion	10

**Completed PhD Supervision**

. **Anita Prasad (2019):** Indian Informal Sector with Exogenous Liquidity Shocks in Milieu of Demonetization and Lockdown – Phd Offered in 2024

**Status of Ongoing Phd Supervision**

Course Work Completed	2
Short Synopsis Completed	1

**Selected Consultancies****Independent Consultant:**

**Technoeconomic modelling of thermal energy storage options in India (2017 – till date):** Supported by Centre of Excellence, Thermal Energy Storage, TERI University

Has been engaged in conducting a sensitivity analysis and techno-economic modelling of thermal energy storage interventions in the commercial building sector of India.

**Assessment of SDG 7 Interlinkages with other SDGs and capacity building needs (2017 ):** Supported by UNDESA, TERI University

Has been engaged in the research and formation of two discussion papers dealing with SDG 7 interlinkages in various countries and the capacity-building gaps that need to be addressed in countries for addressing these interlinkages. The discussion paper is being prepared for UNDESA High-Level Political Forum on SDGs.

**Assessment of renewable energy projects and performance of ODA loan of Japan to small and medium enterprises in India:** Supported by JICA, NITI Aayog, NILERD (National Institute of Labour Economics, Research and Development)

Has been engaged in the benefit-cost analysis of ODA loan of JICA to renewable energy projects and small and medium enterprises in India.

**Assessment of import duties on palm oil on sustainability (2016 – 17):** Supported by WWF India

Has been engaged in understanding the impact of import duties on palm oil on social, economic, and environmental domains of sustainability in the Indian context using a simulation model. Created a simulation toolbox to understand the impact of import duties on palm oil on different domains of sustainability.

**India Consensus Project (2017):** Supported by Copenhagen Consensus Centre

Has been engaged in economic analysis of several energy conservation interventions in the commercial building sector of India.

***Principal Investigator:***

**Action research to support finance of energy transition to net zero in India (Financing Energy Transition) supported by HSBC (2023- 2025)**

Has been engaged in understanding the energy transition financing solutions of laggard and aspiring districts of UP, Bihar, Jharkhand, and select DISCOMs of India.

**Social Tipping Pathway – LIFE @2047 supported by GEAPP (2023-2025)**

Has been engaged in understanding the social tipping dynamics and network effects of guiding clean energy transition interventions in select clusters of India.

**Assessment of local governance, state level labor, ,industry, land reform in India (2022) - World Bank, New Delhi.**

Has been a project leader and engaged in understanding the evolution of local governance of States, nature, and degree of labour, industry, and land reforms in different states of India between 1991 - 2016. Has worked as a lead macroeconomist, empirical econometrician in the project.

**Assessment of tax, subsidies on petroleum products in India (2014 – 16).**Asian Development Bank - Has been engaged in understanding the impact of rationalization of taxes, subsidies on select petroleum products of India through an integrated MARKAL model. Outputs of the model has been integrated with SAM and CGE structures.

**Rationalization of fossil fuel subsidies in India (2014 – 16).**Department for International Development (DFID).Engaged in understanding the impact of rationalization of fossil fuel subsidies on the Indian macroeconomy through a Computable General Equilibrium Model.

**A technoeconomic integrated model for understanding green technological interventions. (2012-15).** Global Green Growth Institute. Has been engaged in understanding the impacts of green technological interventions across various sectors of the Indian economy on macro and socio economic indicators at a national and downscaled state

specific level. The project entails such an understanding through an integrated MARKAL – CGE – Biophysical Model.

**Mapping Climate-Mitigation Technologies/Goods within the Residential and Commercial Buildings Sector. (2008-09).** International Centre for Trade and Sustainable Development. Conceptualized the research, framed the report and wrote the research report, worked with the members of building group within TERI to write the research report on "Mapping Climate Mitigation Technologies and Goods within the Residential and Commercial Buildings Sector" that was presented in Poznon side event. The study focused on two broad categories of goods/technologies – a) a set of technologies/goods relevant to building that are available for commercial purchase and use and b) a range of building technologies that are still subject to R and D but where there is a strong likelihood of commercial deployment in the near to medium-term future.

***Co Project Leader:***

***Understanding the various development imperatives of Elderly Care in India (2021-2023). ICSSR.***

Worked on understanding the developmental and psychanalytical imperatives of Elderly Care Issues in India through an ethnographic approach.

**Impact of Trade Liberalization on Horticulture Trade. (2006-07).** United Nations Conference on Trade and Development. Worked on a vector error correction modeling of horticulture products to analyse the short term and long term price elasticity of various horticulture products that are exported from India to E.U and U.S.

***Team Member:***

**Measuring Energy Risks Across Energy Value Chains. (2012 – 14). Atomic Energy Commission.**

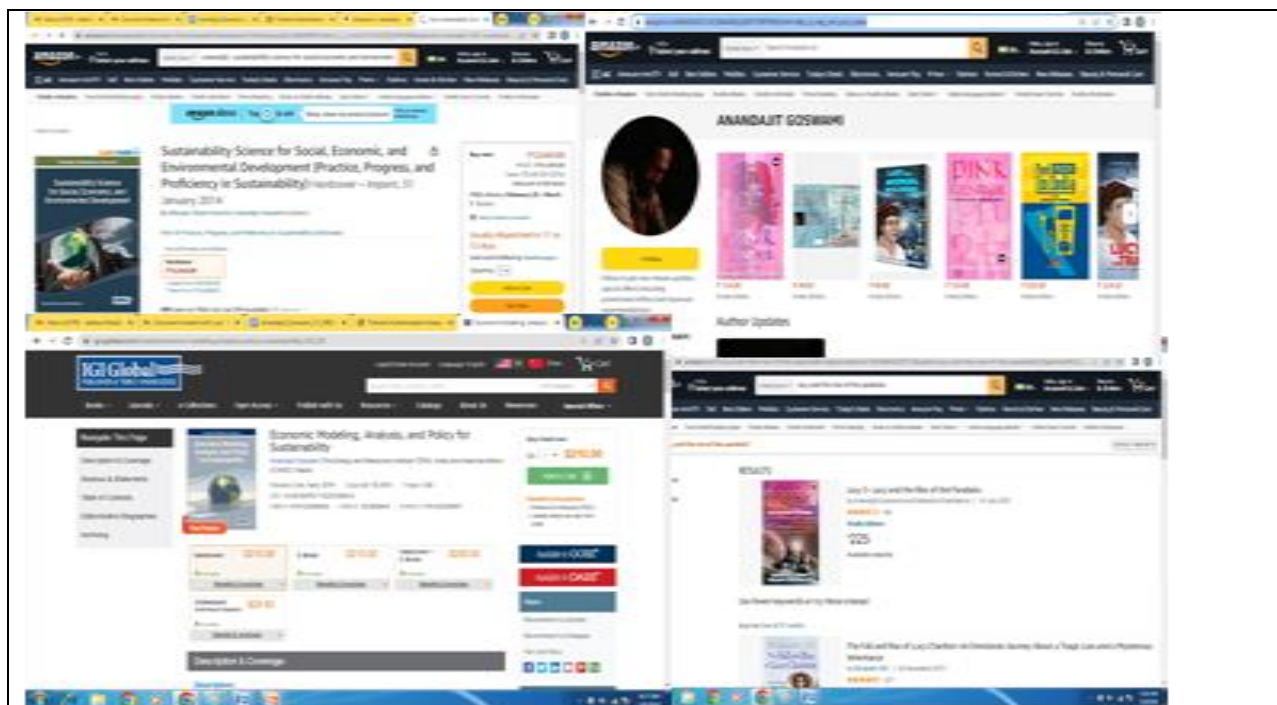

Has created an accident model and measured the accident risks across the different segments of the value chain of coal, oil, gas and nuclear energy value chains through a rare event modelling.

**Study on local manufacturing of Renewable Energy Technology Components in East Africa. (2009-10).** United Nations Industrial Development Organisation. Has worked as an economist in assessing the potential of local manufacturing of equipments for two technology applications viz. biomass gasifier for heating applications and solar photovoltaic technology. Has been involved in socio economic assessment while understanding the potential of local manufacturing of technology components. Also analysed the potential South South Cooperation measures that could be useful for helping in technology transfer and local capacity building in these two technology applications.

**Peak Load Demand Forecasting (2006 – 07).** CESC Limited. Involved in short and long term peak load demand forecasting using ARIMA modelling.

**Securing India's Energy Security (2006 – 07).** Khemka Foundation. Involved in creation of an energy security index using principal component methods and its corresponding forecasting in future

**Selected Key Publications:**
